CE LITHIUM-ION

WRAPTOR
WRAP-44

Rapid tool **5.0Ah**
90Wh

18V LITHIUM-ION

A NEW ERA OF REBAR TYING

WRAPTOR[®]

Features:

- **1.3mm HIGH TENSILE** wire
- Up to **420** ties per coil **~3 cents/tie**
- **< 0.5 second** tie
- **< 12mm** tie height
- 12-44mm tie diameter range
- Up to **4000 ties** per charge
- **Million tie guarantee**
- Tighter, faster, stronger
- **Trade-Up** deals available
- **Package** deals available - **FREE machines** with bulk wire purchases
- Powered by **REO-BOSS™** battery platform
- **Larger models** available soon

WRAPTOR™ TRADE-UP DEALS

TRADE IN ANY APPROVED TIE GUN & GET 3 FREE CARTONS OF WIRE – SAVING YOU OVER \$1,000!

MULTIPLE GUNS OR FLEET?

We'll build a **custom package** just for you.

T&Cs apply.

KIT INCLUDES:

- 2 x 18V 5.0Ah REO-BOSS™ batteries
- 1 x REO-BOSS™ charger
- 4 x wire coils

CORDLESS REBAR TYING MACHINES

WRAPTOR[®]

PACKAGE DEALS – MASSIVE SAVINGS!!

WRAPTOR STARTER KIT (3-CARTON)

- 1 X WRAP-44 REBAR TIER
- 3 X GWG-1 GALV WIRE CARTONS

**SAVE
OVER
\$300**

UP TO
30,000
TIES

X 1

WRAPTOR CORE KIT (25-CARTON)

- **FREE** 1 X WRAP-44 REBAR TIER
- 25 X GWG-1 GALV WIRE CARTONS

**SAVE
OVER
\$3,500**

UP TO
250,000
TIES

**X 1
FREE**

WRAPTOR PRO KIT (40-CARTON)

- **FREE** 2 X WRAP-44 REBAR TIERS
- 40 X GWG-1 GALV WIRE CARTONS

**SAVE
OVER
\$7,000**

UP TO
400,000
TIES

**X 2
FREE**

WRAPTOR ULTRA KIT (60-CARTON)

- **FREE** 1 X BSC-18X OR 1 X BRC-20X CORDLESS REBAR CUTTER
- **FREE** 2 X WRAP-44 REBAR TIERS
- 60 X GWG-1 GALV WIRE CARTONS

**SAVE
OVER
\$11,000**

UP TO
600,000
TIES

**X 2
FREE**

ORIGINAL 0.8MM CORDLESS REBAR TYING MACHINES

RT-40A REBAR TYING MACHINE

- Lightning-fast tie speed approx. 0.6 seconds
- Ties 12-40mm rebar (20 x 20mm bar max)
- Over 5000 ties (2 wraps) and over 4500 ties (3 wraps) per battery charge

RT-60A REBAR TYING MACHINE

- Lightning-fast tie speed approx. 0.8 seconds
- Ties 30-60mm rebar (28 x 32mm bar max)
- Over 4500 ties (3 wraps) and over 4000 ties (4 wraps) per battery charge

CORDLESS REBAR CUTTERS

RAPIDTOOL PREMIUM™ CORDLESS REBAR CUTTERS

BRC-20X REBAR CUTTER

- Powerful, smooth cuts **6-20mm** rebar (D500N)
- Up to 115 cuts (20mm rebar) and **390 cuts** (12mm rebar) per battery charge

BSC-18X SHEAR CUTTER

- Powerful, smooth cuts **6-18mm** rod
- Ideal for cutting **rebar, chains and padlocks**
- Access **tight spaces** with shear (scissor) style bolt cutter head
- Up to 150 cuts (16mm rebar) and **320 cuts** (12mm rebar) per battery charge

Kit includes cutter unit, 2 x 18V 5.0Ah Li-Ion batteries, charger, detachable handle and carry case

- Spark free cuts in approx. **4 seconds**
- Lightweight, ergonomic design with detachable handle and **360°** rotating head
- Advanced safety features with smart controls and warning detection system
- Advanced brushless motor technology providing **low vibration, low noise** cuts
- Industry leading electric hydraulic precision manufacturing for ultimate reliability

CORDLESS REBAR CUTTERS

RAPIDTOOL PREMIUM[™] CORDLESS REBAR FLUSH CUTTERS

- Cut rebar, threaded rod, GFRP and metal pipes in **seconds**
- **Ceramic** tipped blade for long life
- Cold cut with **low spark** emission and debris catch bag
- **Burr free** cuts for installation of inserts and couplings
- Flush cut within **3mm** of a surface
- Lightweight ergonomic design with multi position handle
- Powered by **REO-BOSS[™]** battery platform
- **Larger model** available soon

BFC-20X REBAR FLUSH CUTTER

- Burr free flush cuts within **seconds**
- Cuts up to **20mm** diameter
- Ideal for cutting **rebar, threaded rod, GFRP and metal rods**
- Lightweight, ergonomic design with detachable handle

Kit includes 2 x 18V 5.0Ah REO-BOSS[™] batteries + 1 x REO-BOSS[™] charger

CORDED REBAR CUTTERS

ERC-16 REBAR CUTTER

- Fast cut speed - approx. **2 seconds**
- Cuts **4-16mm** rebar (D500N)
- Powerful 220-240V ~ 1200W motor
- Ergonomic and lightweight portable model (8kg)

ERC-20 REBAR CUTTER

- Fast cut speed - approx. **2.5 seconds**
- Cuts **4-20mm** rebar (D500N)
- Powerful 220-240V ~ 1200W motor
- Ergonomic and lightweight portable model (13kg)

- Powerful hydraulics for a clean, accurate and efficient cut
- Industrial strength machine head
- No sparks operation
- Superior quality and performance
- Increases efficiency and safety on site
- Includes carry case, maintenance kit & safety guard

ERC-25 REBAR CUTTER

- Fast cut speed - approx. **3 seconds**
- Cuts **4-25mm** rebar (D500N)
- Powerful 220-240V ~ 1550W motor

ERC-32A REBAR CUTTER

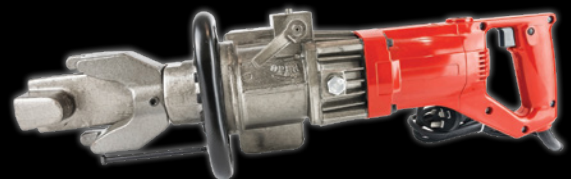

- Fast cut speed - approx. **4 seconds**
- Cuts **4-32mm** rebar (D500N)
- Powerful 220-240V ~ 3000W motor - 15A plug

CORDED REBAR BENDER

ERB-16 REBAR BENDER

- Fast bend speed - approx. **5 seconds** (90°)
- Bends **4-16mm** rebar (D500N)
- Bend **0-130°** (with standard Ø30mm head) and 0-90° (with additional Ø80mm bend die)
- Powerful 220-240V ~ 1200W motor
- Powerful hydraulics for an efficient, clean and accurate bend
- Includes carry case, maintenance kit and additional large bend module and die (Ø80mm)

MEDIUM DUTY PRODUCTION (SINGLE-PHASE)

REBAR BENDERS/CUTTERS

CRBC-25 INDUSTRIAL REBAR BENDER/CUTTER

- Industrial strength rebar bender/cutter combo unit bends and cuts up to 25mm rebar (D500N)
- Bending capacity - **6-25mm** rebar (D500N) with a fast-bending speed - approx **2.5 seconds** (90°)
- Cutting capacity - **4-25mm** rebar (D500N)
- Powerful single phase - 220-240V AC - 50Hz electric motor with bender power input - 1050W and cutter power input - 1550W
- Comes with **foot pedals** and additional fixed bending pin diameters of 80mm/105mm (custom sizes may be purchased on request)

CRBC-32A INDUSTRIAL REBAR BENDER/CUTTER

- Industrial strength rebar bender/cutter combo unit bends and cuts up to 32mm rebar (D500N)
- Bending capacity - **6-32mm** rebar (D500N) with a fast-bending speed - approx. **2.5 seconds** (90°)
- Cutting capacity - **6-32mm** rebar (D500N)
- Powerful single phase - 220-240V AC - 50Hz electric motor with bender power input - 2400W and cutter power input - 3000W (15A Plug)
- Comes with **foot pedals** and additional fixed bending pin diameters of 80mm/120mm/140mm (custom sizes may be purchased on request)

REBAR BENDERS

CRB-25 INDUSTRIAL REBAR BENDER

- Fast-bending speed - approx. **2.5 seconds** (90°)
- Industrial strength rebar bending capacity - **6-25mm** rebar (D500N)
- Powerful single phase - 220-240V AC - 50Hz electric motor with power input - 1050W
- Comes with **foot pedals** and additional fixed bending pin diameters of 80mm/105mm (custom sizes may be purchased on request)

CRB-32 INDUSTRIAL REBAR BENDER

- Fast-bending speed - approx. **2.5 seconds** (90°)
- Industrial strength rebar bending capacity - **6-32mm** rebar (D500N)
- Powerful single phase - 220-240V AC - 50Hz electric motor with power input - 2400W
- Comes with **foot pedals** and additional fixed bending pin diameters of 80mm/120mm/140mm (custom sizes may be purchased on request)

- Powerful and efficient, accurate bends
- Controlled, accurate bending angle range from **0-180°**
- Superior quality and performance
- Increases efficiency and safety on site
- Maximise performance on site or in workshop environments
- Compact unit – easy to fit in your workshop or job site

**INCLUDES
SAFETY
GUARD +
FOOT PEDAL**

HEAVY DUTY PRODUCTION (THREE-PHASE)

REBAR BENDERS

PREMIUM REBAR BENDERS

- PRB-46XA - 6-46mm Rebar Bending Machine
- PRB-32X - 6-32mm Rebar Bending Machine
- PRB-26X - 6-26mm Rebar Bending Machine
- PRB-16X - 6-16mm Rebar + Stirrup Bending Machine
- Includes squaring arm set, pins, bushings, safety guard & foot pedal

REBAR CUTTERS

PREMIUM REBAR CUTTERS

- PRC-46X - 6-46mm Rebar Cutting Machine
- PRC-34XA - 6-34mm Rebar Cutting Machine
- PRC-26X - 6-26mm Rebar Cutting Machine
- Includes wheels, safety guard & foot pedal

REBAR BENDERS/CUTTERS

PREMIUM REBAR BENDERS/CUTTERS

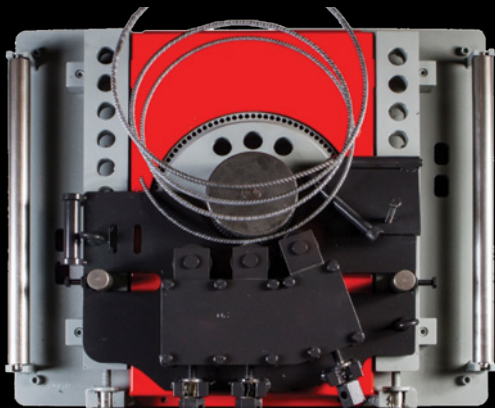

- PRBC-36X - 6-36mm Rebar Bender + 6-30mm Rebar Cutter
- PRBC-28X - 6-28mm Rebar Bender + 6-24mm Rebar Cutter
- Includes squaring arm set, pins, bushings, safety guard & foot pedal

HEAVY DUTY PRODUCTION (THREE-PHASE)

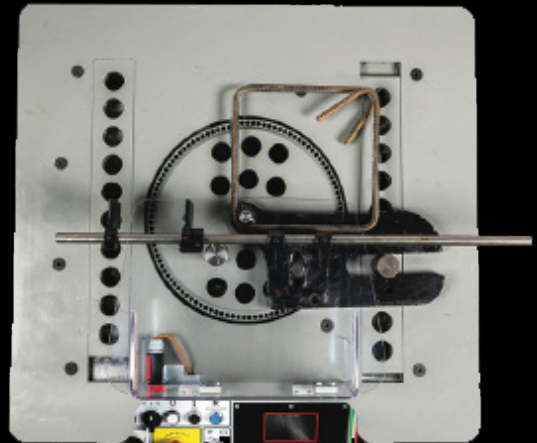

REBAR BENDER ACCESSORIES

SPIRAL + RING FORMING TOOL

Machine not included. Shown for reference only.

STIRRUP FORMING TOOL

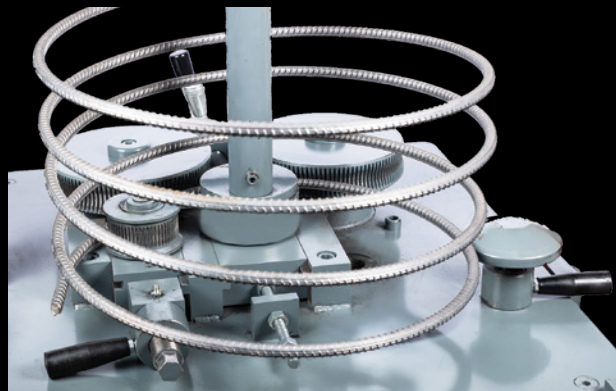

Machine not included. Shown for reference only.

REBAR SPIRAL + RING FORMING MACHINE

PRSP-25X SPIRAL + RING FORMER MACHINE

- 6-16mm rated rebar spiral diameter range
- 6-25mm rated rebar ring diameter range
- 0-120mm spiral pitch range
- 150mm - unlimited spiral ring diameter range

Photos for reference only.

Specifications and performance are based on best-case operating scenarios and material properties with correct use.
Please refer to the product datasheet for full details.

Minimum diameter limits for cutters may be higher depending on material ductility.

Pricing and savings are rounded and based on wire package deal RRP pricing and best-case operating scenarios.

Any guarantees are subject to applicable warranty terms and conditions. Usage limits and time limits apply.

See Warranty Against Defects for full details.

Trade-Up deal terms - Selected brands only • Machines must be in working order • All offers at RAPIDTOOL discretion

• Benefits issued after inspection • Ownership declaration + license + witness required.
